

MEN'S BREAKFAST- A SAFE WITNESS?

What then are we to do? Avoid the hatred?

If we adopt the values and lifestyle of the world, if we conform to the world system, God is left without a witness to truth and life and grace. But if we withdraw and cut ourselves off from the world's people in order to develop separated communities, God is also left without a witness. *Only by living in the world—by being involved daily with the men and women around us, by being involved in the issues of our own times and society—can we show the contrast between human ways and God's ways.*
